1. WHITE CHOCOLATE BAR FILLED WITH ORANGES

Product name: BAR WITH ORANGES AND LIQUEUR

Sales denomination: Candied fruit coated with chocolate.

Produced and packaged by: Sweets International srls – Via F. Principe N. 21, 87100 Cosenza, ITALY

Description: Chopped candied orange peels, mixed with liqueur and coated with white chocolate.

Target consumer: Suitable for all consumers, with the exception of those with specific conditions (diabetes).

Ingredients

- White chocolate coating: sugar, cocoa butter, whole milk powder. Emulsifier (SOYA lecithin), natural vanilla flavour. Cocoa min. 30%.
- Ground candied orange peels, Glucose-Fructose Syrup (from corn); Sucrose; Acidity regulator: Citric Acid.
- Liqueur: B. Benevento.
- Volumetric Alcohol Content 0.04%.

Composition & raw materials

Chopped candied orange peels, “B. Benevento” liqueur and chocolate coating. Raw materials come from Italy, except for the chocolate, which is of Belgian origin. Checked periodically per HACCP plan.

Production process

A chocolate base is formed in the bar moulds; candied orange paste (mixed with liqueur) is added as filling; a second chocolate layer covers it via the chocolate fountain; bars pass through a cooling tunnel, then are wrapped and boxed.

Organoleptic profile

Appearance: Rectangular chocolate bar.

Colour: White – typical of white chocolate.

Odour: Delicate; orange mixed with liqueur and white chocolate.

Taste: Orange and white chocolate.

Consistency: Solid exterior (coating); delicate, soft interior.

Shape / dimensions: Rectangular. Bar dimensions: 15 x 8 x h.1.4 cm.

Nutritional values (avg. per 100 g)

Energy	2049.15 kJ / 489.94 kcal
Fat	25.51 g
of which saturates	15.47 g
Carbohydrates	58.76 g
of which sugars	56.12 g
Fibre	3.4 g
Protein	4.26 g
Salt	0.26 g

Microbiological limits

- Total viable count at 30°C (UNI EN ISO 4833-1:2013): 9.0 E+01 CFU/g
- E. coli (ISO 16649-2:2001): < 10 CFU/g
- β-glucuronidase positive
- Staphylococci, coagulase-positive (UNI EN ISO 6888-1:2004): < 10 CFU/g
- pH (ISO 11289:1993): 5.67
- Mould count (ISO 21527-1:2008): < 10 CFU/g

- Yeast count (ISO 21527-1:2008): < 10 CFU/g
- Salmonella spp. (UNI EN ISO 6579-1:2017): absent in 25 g (excl. p.9.5.6)

Packaging & logistics

Unit of measurement: Single package.

Storage: Store at +4°C to +15°C, humidity < 55%. Avoid sudden temperature changes. Shelf life: 12 months under normal temperature/humidity conditions.

Production batch code: Format: L + 3 digits. "L" = lot; the 3 digits identify the day of production.

Packaging: Wrapped in food-grade metallised paper, placed in a rectangular cardboard box with the label on the bottom. Box dimensions: 16.5 x 9 x h.2 cm.

Food-contact compliance: Packaging materials comply with all applicable Italian and EU regulations.

Packing: Cardboard packing, 40 pieces per carton. Pallet composition: see technical-logistics sheet.

2. WHITE CHOCOLATE BAR FILLED WITH LEMONS

Product name: WHITE CHOCOLATE BAR FILLED WITH LEMONS

Sales denomination: Candied fruit coated with chocolate.

Produced and packaged by: Sweets International srls – Via F. Principe N. 21, 87100 Cosenza, ITALY

Description: Chopped candied lemon peels, mixed with liqueur and coated with white chocolate.

Target consumer: Suitable for all consumers, with the exception of those with specific conditions (diabetes).

Ingredients

- White chocolate coating: sugar, cocoa butter, whole milk powder. Emulsifier (SOYA lecithin), natural vanilla flavour. Cocoa min. 30%.
- Ground lemon peel, Glucose-Fructose Syrup (from corn); Sucrose; Acidity regulator: Citric Acid.
- Liqueur: B. Benevento.
- Volumetric Alcohol Content 0.07%.

Composition & raw materials

Chopped candied lemon peels, “B. Benevento” liqueur and chocolate coating. Raw materials come from Italy, except for the chocolate, which is of Belgian origin. Checked periodically per HACCP plan.

Production process

A chocolate base is formed in the bar moulds; candied lemon paste (mixed with liqueur) is added as filling; a second chocolate layer covers it via the chocolate fountain; bars pass through a cooling tunnel, then are wrapped and boxed.

Organoleptic profile

Appearance: Rectangular chocolate bar.

Colour: White – typical of white chocolate.

Odour: Delicate; lemon mixed with liqueur and white chocolate.

Taste: Lemon and white chocolate.

Consistency: Solid exterior (coating); delicate, soft interior.

Shape / dimensions: Rectangular. Bar dimensions: 15 x 8 x h.1.4 cm.

3. WHITE CHOCOLATE BAR FILLED WITH CHERRIES

Product name: WHITE CHOCOLATE BAR FILLED WITH CHERRIES

Sales denomination: Candied fruit coated with chocolate.

Produced and packaged by: Sweets International srls – Via F. Principe N. 21, 87100 Cosenza, ITALY

Description: Pitted candied cherries, mixed with alcoholic flavouring, coated with white chocolate.

Target consumer: Suitable for all consumers, with the exception of those with specific conditions (diabetes).

Ingredients

- White chocolate coating: sugar, cocoa butter, whole milk powder. Emulsifier (SOYA lecithin), natural vanilla flavour. Cocoa min. 30%.
- Pitted candied cherries, Glucose-Fructose Syrup (from corn); Sucrose; Colours: Fruit/Vegetable Concentrate; Acidity regulator: Citric Acid; Preservative: potassium sorbate E202; Colour E127; Preservative Sulphur Dioxide E220 as residue. Contains Allergens: Sulphites. May contain pits.
- Alcoholic flavouring with Caribbean rum flavour 70vol.
- Volumetric Alcohol Content 0.9%.

Composition & raw materials

Pitted candied cherries, alcoholic (rum) flavouring and chocolate coating. Raw materials come from Italy, except for the chocolate, which is of Belgian origin. Checked periodically per HACCP plan.

Production process

A chocolate base is formed in the bar moulds; candied cherry filling (with rum-flavoured alcoholic flavouring) is added; a second chocolate layer covers it via the chocolate fountain; bars pass through a cooling tunnel, then are wrapped and boxed.

Organoleptic profile

Appearance: Rectangular chocolate bar.

Colour: White – typical of white chocolate.

Odour: Delicate; cherry mixed with rum flavouring and white chocolate.

Taste: Cherry and white chocolate.

Consistency: Solid exterior (coating); delicate, soft interior.

Shape / dimensions: Rectangular. Bar dimensions: 15 x 8 x h.1.4 cm.

Food-contact compliance: Packaging materials comply with all applicable Italian and EU regulations.

Packing: Cardboard packing, 40 pieces per carton. Pallet composition: see technical-logistics sheet.

4. FINE MILK CHOCOLATE BAR FILLED WITH ORANGES

Product name: FINE MILK CHOCOLATE BAR FILLED WITH ORANGES

Sales denomination: Candied fruit coated with chocolate.

Produced and packaged by: Sweets International srls – Via F. Principe N. 21, 87100 Cosenza, ITALY

Description: Chopped candied orange peels, mixed with liqueur and coated with fine milk chocolate.

Target consumer: Suitable for all consumers, with the exception of those with specific conditions (diabetes).

Ingredients

- Coating: sugar, cocoa butter, whole milk powder, cocoa mass, emulsifier: soya lecithin, natural vanilla flavour. Cocoa min. 35.5%.
- Ground candied orange peels, Glucose-Fructose Syrup (from corn); Sucrose; Acidity regulator: Citric Acid.
- Liqueur: B. Benevento.
- Volumetric Alcohol Content 0.04%.

Composition & raw materials

Chopped candied orange peels, “B. Benevento” liqueur and chocolate coating. Raw materials come from Italy, except for the chocolate, which is of Belgian origin. Checked periodically per HACCP plan.

Production process

A chocolate base is formed in the bar moulds; candied orange paste (mixed with liqueur) is added as filling; a second chocolate layer covers it via the chocolate fountain; bars pass through a cooling tunnel, then are wrapped and boxed.

Organoleptic profile

Appearance: Rectangular chocolate bar.

Colour: Light brown – typical of milk chocolate.

Odour: Delicate; orange mixed with liqueur and fine milk chocolate.

Taste: Orange and milk chocolate.

Consistency: Solid exterior (coating); delicate, soft interior.

Shape / dimensions: Rectangular. Bar dimensions: 15 x 8 x h.1.4 cm.

Nutritional values (avg. per 100 g)

Energy	2030.10 kJ / 485.60 kcal

Food-contact compliance: Packaging materials comply with all applicable Italian and EU regulations.

Packing: Cardboard packing, 40 pieces per carton. Pallet composition: see technical-logistics sheet.

7. EXTRA DARK CHOCOLATE BAR FILLED WITH ORANGES

Product name: EXTRA DARK CHOCOLATE BAR FILLED WITH ORANGES

Sales denomination: Candied fruit coated with chocolate.

Produced and packaged by: Sweets International srls – Via F. Principe N. 21, 87100 Cosenza, ITALY

Description: Chopped candied orange peels, mixed with liqueur and coated with extra dark chocolate.

Target consumer: Suitable for all consumers, with the exception of those with specific conditions (diabetes).

Ingredients

- Extra dark chocolate coating: cocoa mass, sugar, cocoa butter, emulsifier soya lecithin, natural vanilla flavour. Cocoa min. 60.5%.
- Ground candied orange peels, Glucose-Fructose Syrup (from corn); Sucrose; Acidity regulator: Citric Acid.
- Liqueur: B. Benevento.
- Volumetric Alcohol Content 0.04%.

Composition & raw materials

Chopped candied orange peels, “B. Benevento” liqueur and chocolate coating. Raw materials come from Italy, except for the chocolate, which is of Belgian origin. Checked periodically per HACCP plan.

Production process

A chocolate base is formed in the bar moulds; candied orange paste (mixed with liqueur) is added as filling; a second chocolate layer covers it via the chocolate fountain; bars pass through a cooling tunnel, then are wrapped and boxed.

Organoleptic profile

Appearance: Rectangular chocolate bar.

Colour: Brown – typical of extra dark chocolate.

Odour: Delicate; orange mixed with liqueur and extra dark chocolate.

Taste: Orange and extra dark chocolate.

Consistency: Solid exterior (coating); delicate, soft interior.

Shape / dimensions: Rectangular. Bar dimensions: 15 x 8 x h.1.4 cm.

Packaging: Wrapped in food-grade metallised paper, placed in a rectangular cardboard box with the label on the bottom. Box dimensions: 16.5 x 9 x h.2 cm.

Food-contact compliance: Packaging materials comply with all applicable Italian and EU regulations.

Packing: Cardboard packing, 40 pieces per carton. Pallet composition: see technical-logistics sheet.

9. EXTRA DARK CHOCOLATE BAR FILLED WITH CHERRIES

Product name: EXTRA DARK CHOCOLATE BAR FILLED WITH CHERRIES

Sales denomination: Candied fruit coated with chocolate.

Produced and packaged by: Sweets International srls – Via F. Principe N. 21, 87100 Cosenza, ITALY

Description: Pitted candied cherries, mixed with alcoholic flavouring, coated with extra dark chocolate.

Target consumer: Suitable for all consumers, with the exception of those with specific conditions (diabetes).

Ingredients

- Extra dark chocolate coating: cocoa mass, sugar, cocoa butter, emulsifier soya lecithin, natural vanilla flavour. Cocoa min. 60.5%.
- Pitted candied cherries, Glucose-Fructose Syrup (from corn); Sucrose; Colours: Fruit/Vegetable Concentrate; Acidity regulator: Citric Acid; Preservative: potassium sorbate E202; Colour E127; Preservative Sulphur Dioxide E220 as residue. Contains Allergens: Sulphites. May contain pits.
- Alcoholic flavouring with Caribbean rum flavour 70vol.
- Volumetric Alcohol Content 0.9%.

Composition & raw materials

Pitted candied cherries, alcoholic (rum) flavouring and chocolate coating. Raw materials come from Italy, except for the chocolate, which is of Belgian origin. Checked periodically per HACCP plan.

Production process

A chocolate base is formed in the bar moulds; candied cherry filling (with rum-flavoured alcoholic flavouring) is added; a second chocolate layer covers it via the chocolate fountain; bars pass through a cooling tunnel, then are wrapped and boxed.

Organoleptic profile

Appearance: Rectangular chocolate bar.

Colour: Brown – typical of extra dark chocolate.

Odour: Delicate; cherry mixed with rum flavouring and extra dark chocolate.

Taste: Cherry and extra dark chocolate.

Consistency: Solid exterior (coating); delicate, soft interior.

Shape / dimensions: Rectangular. Bar dimensions: 15 x 8 x h.1.4 cm.

Protein	5.16 g
Salt	0.04 g

Microbiological limits

- Total viable count at 30°C (UNI EN ISO 4833-1:2013): 9.0 E+01 CFU/g
- E. coli (ISO 16649-2:2001): < 10 CFU/g
- β-glucuronidase positive
- Staphylococci, coagulase-positive (UNI EN ISO 6888-1:2004): < 10 CFU/g

- pH (ISO 11289:1993): 5.67
- Mould count (ISO 21527-1:2008): < 10 CFU/g
- Yeast count (ISO 21527-1:2008): < 10 CFU/g
- Salmonella spp. (UNI EN ISO 6579-1:2017): absent in 25 g (excl. p.9.5.6)

Packaging & logistics

Unit of measurement: Single package.

Storage: Store at +4°C to +15°C, humidity < 55%. Avoid sudden temperature changes. Shelf life: 12 months under normal temperature/humidity conditions.

Production batch code: Format: L + 3 digits. "L" = lot; the 3 digits identify the day of production.

Packaging: Wrapped in food-grade metallised paper, placed in a rectangular cardboard box with the label on the bottom. Box dimensions: 16.5 x 9 x h.2 cm.

Food-contact compliance: Packaging materials comply with all applicable Italian and EU regulations.

Packing: Cardboard packing, 40 pieces per carton. Pallet composition: see technical-logistics sheet.
